MRS. A. S. PULSIFER,

Librarian.

ANNUAL REPORT OF THE BOARD OF EDUCATION.

In compliance with the laws of our state we herewith submit our annual report. As we review the work done in our schools the past year we find but little change to which we may call attention. Each respective locality can judge quite correctly of the success of its own school, but none can so impartially judge as those who have the entire oversight of the work. It has been our aim to secure good teachers for the wages we could pay them.

We regret to say that during this year, as in former years, there has been an apparent lack of interest in some of our schools on the part of the parents. We believe it is the duty of parents to look well to the education of their children. An hour or two cannot be more profitably spent than with your children in the school room. Your interest would encourage them to be more punctual, and they would strive to attain a higher rank and a better record. Personal interest of citizens and parents, and intelligent knowledge of the work done in the school room are essential helps and encouragements to teachers and scholars. Such knowledge may remove prejudices and be an incentive to industry. We would recommend that the parents visit our schools more frequently, and encourage the teachers and pupils by their presence, and any suggestions made by them for the advantage of the school would be gratefully received.

The teachers have labored zealously for the good of the schools. They have endeavored to teach the pupils in a thorough manner, and have been sustained by the school board; and we contend that any other method of teaching is a damage to the scholars. It is better for the scholars to learn a little, and learn it thoroughly, than to make rapid progress and know little of what they have studied. The teacher's position is one of responsibility; her duty is not only to teach the children, but to instill into their minds love for all that

is good, and abhorrence for all that is evil, and place them upon the right path to happiness, honor and virtue, that they may become useful citizens, and a credit to the community in which they live.

The needed qualifications of a teacher are not only learning enough to teach the school, but something more. The minds of children are easily molded, and they will be influenced more or less by those with whom they associate, and as they are with the teachers a large part of the time for twenty weeks or more in the year, the teachers, if they do their duty, will try to plant in their minds the seeds of goodness, honesty and truthfulness which will bear fruit in after years. In review of our schools of the past year we have reason to feel that they have, as a whole, been as prosperous as ever before. The superior advantages of our schools should be more highly appreciated.

BENJAMIN F. BROWN, Jr.

Chairman.

EDMUND T. CHASE, Town Clerk.

PALMER & GARMON,
MONUMENTAL + ARCHITECTS
AND DEALERS IN
CEMETERY WORK
OF EVERY DESCRIPTION.

We have in stock all the leading and reliable varieties of foreign and domestic Marble and Granite.

We have the latest improved machinery, run by electric power, for cutting, carving, polishing and handling granite, which enables us to produce the very best class of work at a moderate cost.

We employ no agents or canvassers to solicit orders, and by dealing directly with us one can save the "agent's commission"; also avoid any misunderstanding that might arise in consequence of inexperience, and at the same time be sure of getting the very best, at the lowest possible price, consistent with good material and workmanship.

We solicit an inspection of our stock and prices.

604 Elm Street, Cor. Granite, near Union Station,
